

## INTERSHIP REFERENCE

Mr. Max Ferdinand Schwalbe, born on 07 January 2002, joined Accenture GmbH on 01 March 2026, at the career level of New Associate. Mr. Schwalbe worked for our company until 30 April 2026, most recently as Strategy New Associate in the Strategy Services division. Accenture is a leading solutions and services company that helps the world's leading enterprises reinvent by building their digital core and unleashing the power of AI to create value at speed across the enterprise, bringing together the talent of our approximately 784,000 people, our proprietary assets and platforms, and deep ecosystem relationships. Our strategy is to be the reinvention partner of choice for our clients and to be the most client-focused, AI-enabled, great place to work in the world. Through our Reinvention Services we bring together our capabilities across strategy, consulting, technology, operations, Song and Industry X with our deep industry expertise to create and deliver solutions and services for our clients. Our purpose is to deliver on the promise of technology and human ingenuity, and we measure our success by the 360° value we create for all our stakeholders.

Within the scope of his duties, Mr. Schwalbe was responsible for these tasks:

- Contributing across the Strategic Project Management and Manufacturing project teams as part of a large-scale business transformation for a leading global chemical company listed in the DAX
- Supporting Strategic Project Management activities, including:
  - Consolidating workstream-level plans into an integrated program-level plan, identifying the critical path, and mapping interdependencies across streams to proactively address potential bottlenecks
  - Preparing stakeholder-management presentations, reports, status updates, and decision-making documents to support informed leadership engagement
  - Conceptualizing a quarterly workshop series for project leadership to enable deep dives into critical topics and promote a consistent perspective across project streams
- Assisting with Manufacturing project tasks, including:
  - Supporting the development of a globally applicable SAP production plant structure, closely aligned with the chemical value chain, enabling global scalability and cross-site transparency
  - Developing a scenario-based analysis model including data from more than 200 products and more than 300 plants to assess key implications regarding the transformation scope and effort
  - Preparing a decision paper outlining core findings and strategic recommendations for the future SAP plant structure for project leadership and executive meetings

Mr. Schwalbe acquired sound specialist knowledge within a short time in the respective departments. We would especially like to emphasize his excellent analytical thinking capabilities. As a result of his very good ability to familiarise himself rapidly, he was always very quick to grasp even very difficult and particularly complex training content. Mr. Schwalbe always was a very dedicated and highly motivated colleague, who continuously impressed us with his extraordinary dedication and commitment. His willingness to learn new things always met our high expectations. His very dependable, thoughtful and diligent work ethic could be relied on at all times and even in difficult situations.

Mr. Schwalbe was focused, very thorough and highly efficient in his work at all times; he always worked with an awareness of quality and responsibility. Mr. Schwalbe continuously impressed us with his extraordinary reliability. The quality of his work results far exceeded the requirements for interns and was always good even in the case of difficult tasks.

Mr. Schwalbe was an exceptional intern in every respect, and we were always extremely satisfied with his work.

He was highly appreciated both inside and outside the company for his consistently friendly and even-tempered disposition. He was always helpful, courteous and even put his personal interests on hold if necessary. His conduct towards his line managers, supervisors, colleagues or towards clients was always exemplary and loyal. He was friendly and helpful towards other trainees at all times.

Mr. Schwalbe is leaving our company on 30 April 2026 at the end of the internship. We would like to thank him for his consistently very good performance and very pleasant collaboration at all times. We wish him continued success and all the best for his future career and private life.
