

Internship Reference

Ms Rachelle Elyse Donou, born on 19 September 2003, worked for our company from 1 December 2025 to 28 February 2026 as a intern. Organizationally she was assigned to the area Enterprise Transformation.

As the digital innovation, design and transformation brand of the Capgemini Group, Capgemini Invent enables CxOs to envision and shape the future of their businesses. Located in over 30 studios and more than 60 offices around the world, it comprises a 12,500+ strong team of strategists, data scientists, product and experience designers, brand experts and technologists who develop new digital services, products, experiences and business models for sustainable growth.

Capgemini Invent is an integral part of Capgemini, a global business and technology transformation partner, helping organizations to accelerate their dual transition to a digital and sustainable world, while creating tangible impact for enterprises and society. It is a responsible and diverse group of 350,000 team members in more than 50 countries. With its strong over 55-year heritage, Capgemini is trusted by its clients to unlock the value of technology to address the entire breadth of their business needs. It delivers end-to-end services and solutions leveraging strengths from strategy and design to engineering, all fueled by its market leading capabilities in AI, generative AI, cloud and data, combined with its deep industry expertise and partner ecosystem.

Rachelle Donou supported various client-facing projects. Her responsibilities included the following:

- Independently developed an overview of upcoming Digital Product Passport (DPP) requirements resulting from the Ecodesign for Sustainable Products Regulation (ESPR) and related EU regulations, and translated regulatory developments into structured client-facing materials
- Independently analyzed and structured regulatory implications for the EU Battery Passport initiative and presented findings in client-ready formats.
- Prepared and delivered client-ready presentations and recurring management updates on the EU Battery Passport
- Independently created strategic presentations and project onboarding materials on digital infrastructure and 5G enablement for internal and client audiences
- Contributed to and co-presented in an internal recruiting workshop
- Supported the development and structuring of presentation materials for an external masterclass on the implementation of the Digital Product Passport
- Designed, implemented and presented a management dashboard in Jira and Confluence to provide end-to-end transparency over test management activities within the EU Battery Passport program
- Developed mock-ups of the outbound solution for the EU Battery Passport to support potential client decision on working with Capgemini Invent
- Prepared recurring governance materials, structured meeting documentation, and aligned content with client stakeholders
- Independently drafted and presented a high-level concept outlining essential functional components for the implementation of the EU Battery Passport and supported its alignment with client stakeholders

Ms Donou has above average specialist knowledge, which she consistently implemented very practically with good results for our company. During the internship, she participated in the corporate training initiatives with consistently good results.

Her ability to familiarise herself extremely rapidly and analytical thinking skills throughout must be mentioned. Ms Donou always worked with a high level of initiative and completely identified with her tasks and our company at all times. We would like to specifically highlight her great commitment. Her willingness to learn was consistently good. She always demonstrated resilience even in highly stressful situations.

She always worked with extraordinary diligence and an excellent sense of responsibility. She continuously impressed us with her extraordinary reliability.

Her excellent work results at all times should be mentioned in particular. She satisfied our very high expectations in the best possible way.

She was always extremely polite and friendly. Her conduct in the presence of her line managers, colleagues and business partners was exemplary at all times.

The internship is ending on 28 February 2026. We would like to thank Ms Donou for her consistently very good performance and very pleasant collaboration at all times. We wish her continued success and all the best for her future career and private life.

Hamburg, 28 February 2026
