≡ Aon // Verbal Reasoning

This test checks your ability to understand, analyse and evaluate data from written information. The completion of the actual test will take 6 minutes.

The following pages explain the structure and handling of the test. Afterwards you will have the opportunity to familiarise yourself with the task by doing three examples. Use the instructions and the example to understand what you need to do before starting the actual test. Your performance on the example will not impact your test results.

Now make absolutely sure that you will not be disturbed or distracted during the entire test as this could influence your results.

≡ Aon // Verbal Reasoning

You have completed the examples and should now have understood how this test works. If not, please go back to the instructions and the examples by pressing 'introduction'.

Please note:

- The test includes 18 statements and you will be given 6 minutes to complete the test.
- The test cannot be interrupted once you have started it.
- The test requires you to work quickly and accurately.
- The information on the data sheets will not change during the test.
- Each statement relates to only one data sheet, you need to find and refer to that data sheet.
- Each statement has only one correct answer. You may change your answer by highlighting it.
- The test will end automatically after 6 minutes. You can stop the test before this if you have evaluated all statements.
- The time will start to count automatically when the first statement appears on the screen.

Press 'next' in order to start the test.

Strengthening of the market position:

International emerging brands: In the USA, Evergreen Ltd. has bought up brands which manufacture health products. Some of these brands have health conscious older men and women as their target groups. The production sites of the brands have been pooled in order to benefit from synergy effects, among others.

Brands in a top position internationally: The market position of our brands has been able to be improved exclusively by brand growth. Furthermore, costs have been able to be reduced by restructuring within the brand families.

Brands with regional strengths: For a stronger regional presence, Evergreen Ltd. acquired various Asian cosmetic manufacturers which can cost-efficiently directly manufacture on site in the respective target regions.

Dr. Hans Paris has been on the executive board of Evergreen Ltd. for five years.
