LETTER OF REFERENCE

Mr. Niklas Lovis Edmund Rieck, born on February 26, 2001 in Herrenberg, was employed from August 1, 2023 until October 31, 2023 as an intern in the division Program, Project & Service Management with Accenture GmbH.

Accenture is a leading global professional services company that helps the world's leading businesses, governments and other organizations build their digital core, optimize their operations, accelerate revenue growth and enhance citizen services-creating tangible value at speed and scale. We are a talent and innovation led company serving clients in more than 120 countries. 733,000 people combine our strength in technology with unmatched industry experience, functional expertise and global delivery capability. We are uniquely able to deliver tangible outcomes because of our broad range of services, solutions and assets across Strategy & Consulting, Technology, Operations, Industry X and Accenture Song.

In his involvement in projects, Mr. Rieck specifically took on the following duties:

- Conception and implementation of organizational structures for project steering in Confluence
- Creation of management summaries for the purpose of business development, including sales structure transformation of OEMs to direct sales
- Elaboration of to-be mapped sales processes including opportunity, configuration and pricing processes
- Creation of process flows, such as for new requirements
- Estimate of personal costs, e.g. as part of a Gen AI project proposal
- Creation of functional and technical documentations
- Monitoring and reporting on defect KPI's during the system-integration-testing
- Conception of management level decision template regarding IT-applications of to-be IT-landscape
- Analysis of system integration testing defects, including root cause data
- Inspection of booked hours on the project
- Research, e.g. account-cased-marketing
- Creation of various ad-hoc reports and overviews from Jira to support steering of the project, e.g. overviews of open defects and respective assignees
- Coordination of retro-sessions and consolidation of results

The work at Accenture is characterized by frequently changing demands. Mr. Rieck proved to be very flexible in this regard and stood out by virtue of his great resilience. He consistently demonstrated a high degree of personal initiative and won others over with his exceptional work ethic. Even under the most difficult working conditions, Mr. Rieck carried out all tasks very reliably, systematically, independently and in an extremely goal-oriented manner. He achieved excellent results in the process. We would especially like to emphasize his excellent analytical thinking capabilities.

Mr. Rieck consistently carried out all duties to our complete satisfaction.

Mr. Rieck was appreciated in equal measure by superiors, colleagues and clients. He always acted with loyalty towards the company and impressed others both with his personal integrity and his teamwork skills. His personal behavior was always above reproach.

Mr. Rieck is leaving our company on his own volition. We very much regret his decision and would like to thank him for his high level of service. We wish him all the best and continued success in his further professional and personal life.
