Letter of reference for Mr. Sebastian Jaramillo Santiago

To whom it may concern

It is my pleasure to provide a reference for Mr. Sebastian Jaramillo Santiago, whom I have known as a student during his Bachelor (Undergraduate) studies at the University of Bern.

Specifically, he attended my course "Strategic Management" and "Aussenwirtschaft und internationale Geschäftstätigkeit" (EN: Foreign trade and international business activities) in the spring term 2024. The first course consisted of lectures and case exercises. The second course consisted of lectures and a practical case study to enter the US market, which was very convincingly presented to the case sponsor, a very successful internationally active Swiss SME.

Aside from his active engagement in these courses, he also excelled in the course 'How To Build a Startup that Scales' offered by our department, where his team won the Case-Pitch-Competition. This achievement is a further testament to his dedication and academic achievements.

Through these courses I have been able to appraise Mr. Jaramillo's attitude, motivation and participation, and to evaluate his overall performance.

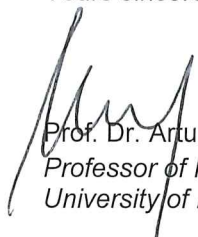

Mr. Jaramillo Santiago has proven to be an excellent and ambitious student. He was always a very active and conscientious member of the class. His presentation and language skills are excellent, and he has demonstrated his capability to reduce complex problems to their essence and analyze them in the context of finding practical solutions. He always acted as a true team player and managed to foster positive discussions.

Mr. Jaramillo Santiago has also actively contributed to a dynamic and entrepreneurial university environment. As such, he has served as the president of the Institute for Value Based Entrepreneurship (IVE), held the position of treasurer for the student council for business and economics (FSWW) and has been an active member of the International Association of Students in Economics and Business (AIESEC).

Therefore, I can recommend Mr. Jaramillo Santiago to be endorsed for the next step of his career in the field of consulting, with a special interest on M&A transactions and strategic financial advisory. Given the progress he has made in his Bachelor studies, any organization would be fortunate to have Mr. Jaramillo as one of its members.

In case you have any questions, do not hesitate to contact me.

Yours sincerely,

Prof. Dr. Artur Baldauf
