

COO Office: Case Study

Background

Imagine you were part of the COO Office at Gorillas which currently operates in the following countries:

- Germany
- Italy
- France
- Netherlands
- Spain
- Belgium
- UK
- USA
- Denmark

The Expansion Team reaches out to you and asks you for advice on which five countries to launch next.

Task

Set up a Google Sheet with a country benchmark that assesses 6 or more countries, providing 10 criteria you based your recommendation on. Please order the countries according to their launch priority, clearly showing your calculations and use of formula.

In addition, please prepare a presentation in Google Slides (2-3 slides) to explain your approach (criteria, weightings, country selection, ..) and visualize your final recommendation.

If you are missing information, please make your own assumptions and note them in the document as footnotes.
