TRANSACTION SPOTLIGHT: INNO-EDV

IT-as-a-Service Solutions

Company Profile

- Founded in 2019 and headquartered in Innsbruck, inno-EDV is an innovative IT services provider with a dedicated focus on the needs of SMEs in Austria.
- Operates a highly profitable IT-as-a-Service (ITaaS) model with an average contract duration of 60 months and a high remaining contract value. The ITaaS model decouples revenue generation from billable technician hours and utilization rates, enabling scalable growth through efficiency initiatives (data center operations, service standardization, etc.). This allows even small-sized clients to be served profitably.

Maximizing Value Through Buyer Education and Competitive Tension

How We Helped

- Our role involved advising inno-EDV on the full sale of the shareholders' shares.
- inno-EDV GmbH was exclusively advised by the Swiss investment banking boutique HCP Switzerland and legally represented by the law firm GPK Pegger Kofler & Partner Rechtsanwälte. HCP managed a multi-month M&A process with a select group of European IT services companies and financial investors.
- HCP also enabled the transaction to be completed in a compressed timeline, further demonstrating its deal execution capabilities.
- HCP coordinated the entire process and prepared all placement materials and assessed a comprehensive valuation of the company.

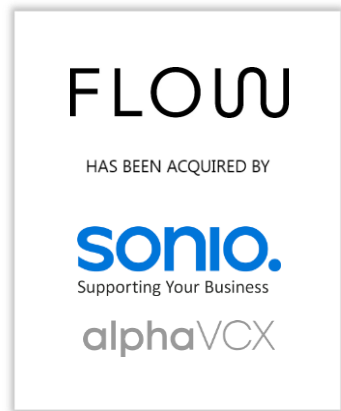

Transaction Snapshot

- HCP conducted a targeted sales process, reaching out to carefully selected strategic and financial buyers in order to maintain competitive tension and reach an optimal outcome for all shareholders.
- The acquisition of inno-EDV, a high-growth provider of ITaaS solutions in Austria, marks a strategic expansion for accompio, further strengthening its market position.
- The integration of inno-EDV's strong expertise in Modern Workplace, VoIP, WLAN, Cloud Services, Hardware, and End User Support complements accompio's portfolio and strengthens both regional customer proximity and service scope.

TRANSACTION SPOTLIGHT: FLOW SWISS AG

Cloud Services and Cloud Computing

Company Profile

- FLOW Swiss AG delivers a broad range of public cloud services with the highest levels of data security through exclusive hosting in Switzerland. Key offerings include Mac Bare Metal, CI Engine, Compute, Kubernetes, App Engine, and Object Storage.
- Their intuitive self-service portal enables seamless service management with a flexible pay-as-you-go model. Trusted by international giants like Uber and Spotify, as well as Swiss firms like Serafe and Bitcoin Suisse, FLOW Swiss AG provides a secure and scalable cloud platform.

Maximizing Value Through Buyer Education and Competitive Tension

How We Helped

- Our role involved advising FLOW Swiss AG on the full sale of the shareholders' shares.
- FLOW Swiss AG was exclusively advised by the Swiss investment banking boutique HEKIM Capital Partners (HCP) and legally represented by the law firm Egger Dommer Bär AG. HCP managed a multi-month M&A process with a select group of global technology companies and financial investors.
- HCP also enabled the transaction to be completed in a compressed timeline, further demonstrating its deal execution capabilities.
- HCP coordinated the entire process and prepared all placement materials and assessed a comprehensive valuation of the company.

Transaction Snapshot

- HCP conducted a targeted sales process, reaching out to carefully selected strategic and financial buyers in order to maintain competitive tension and reach an optimal outcome for all shareholders.
- The acquisition of FLOW Swiss AG, a top-tier provider of cloud services in Switzerland, marks a strategic expansion for SONIO AG, further strengthening its market position.
- FLOW Swiss AG's exclusive focus on cutting-edge cloud solutions perfectly complements SONIO's existing portfolio. This transaction unlocks significant growth opportunities for both companies and enhances their ability to offer a comprehensive suite of services to their clients.

TRANSACTION SPOTLIGHT: SECURIX AG

IT Security and Cybertechnology

Company Profile

- Swiss provider of specialist IT operations solutions to high-profile corporates and institutions, aiming to make the world a better place through resilient IT systems.
- Rooted in Switzerland, SECURIX has been growing since over 25 years, specialized in solutions for i) identity security and access management, ii) observability and monitoring and iii) cyber security based on AI and predictive analytics for increased resilience of mission-critical IT systems.
- Diversified portfolio of 500+ highly reputable customers, consisting of various leading corporates and governmental institutions.

Maximizing Value Through Buyer Education and Competitive Tension

How We Helped

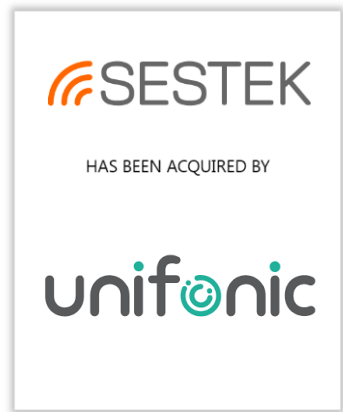

- Our role involved advising Securix Holding AG on the full sale of SECURIX AG and SECURIX GERMANY GmbH.
- This transaction highlights HCP's expertise in navigating complex sell-side transactions while solidifying its reputation as a premier advisor to the IT security technology sectors.
- HCP also enabled the transaction to be completed in a compressed timeline, further demonstrating its deal execution capabilities.
- HCP coordinated the entire process and prepared all placement materials and assessed a comprehensive valuation of the company.

Transaction Snapshot

- SECURIX AG engaged HCP to conduct a sales process on behalf of the company.
- HCP conducted a targeted sales process, reaching out to carefully selected strategic and financial buyers in order to maintain competitive tension and reach an optimal outcome for all shareholders.
- HCP also navigated SECURIX AG through a complex real estate carve-out transaction, providing guidance on valuation implications, fair value assessment, and other carve-out considerations.
- Given this buyer education, HCP was able to create significant demand and competitive tension, thereby garnering bids from several strategic buyers and private equity firms and attaining a premium valuation.

TRANSACTION SPOTLIGHT: SESTEK VOICE TECHNOLOGIES

Conversational AI Technology

Company Profile

- A leading provider of conversational AI, analytics and biometrics software services to enterprise customers.
- Headquartered in Turkey and with an operational history of more than 20 years, Sestek Voice Technologies has become one of the leading regional SaaS providers focused on voice technologies with offices across Turkey, the Middle East, UK and the U.S.
- Diversified portfolio of 120 corporate clients across a broad spectrum of sectors including banks, insurance carriers, telecoms, BPO's and ecommerce.

Maximizing Value Through Buyer Education and Competitive Tension

How We Helped

- We have led the entire process from pre-sale preparation (preparation of historical IFRS statements, tax-risk review, marketing materials, and preparing the management), valuation review, launch of a targeted auction, terms negotiation and hands-on execution.
- With a hands-on approach during head-of-terms deal negotiations, buyer's due diligence and legal documentation, we have enabled the company to navigate a complex transaction structure including up-front cash consideration, equity consideration and contingent/milestone consideration.
- The cross-border deal got completed after the global tech crash of April 2022 without material "re-neg" on terms thanks to close communication with the buyer and tight oversight of the process.

Transaction Snapshot

- We have acted as the financial advisor to Sestek and its shareholders in the 100% sale of the company.
- We have conducted a targeted auction with a focus on regional strategic and financial investors.
- We have navigated the "tech-crash" of 2022 as well as the on-going transition of the company's business model from a "license-sale" to "SaaS" and as a real-estate spin-off prior to completion.
