

Final Reference

Mr. Gregor Wieser, born on January 5th, 2003, was employed as an intern at Allianz Consulting at the Munich / Unterföhring location from June 17, 2024 to September 15, 2024.

Allianz Technology, headquartered in Munich, Germany, is Allianz's global IT service provider. With more than 13,000 employees in more than 20 countries around the world, Allianz Technology delivers IT solutions and services that drive the Group's digitalization. Allianz Technology is tasked to run, optimize, transform, and innovate the infrastructure, applications, and services together with Allianz companies to create to bring value to its customers.

As part of Allianz Technology, Allianz Consulting is the global inhouse consultancy of the Allianz Group. Allianz Consulting supports Allianz operating entities in planning and implementing their key strategic projects and aims to be the consulting partner of choice for Allianz Group core segments, transforming the future of Allianz from within.

Area of responsibilities:

- Independent further development of the service offering with focus on “Bancassurance” along the value chain in close coordination with the responsible team lead, in particular development of structures & preparation of reusable templates (xls / ppt).
- Participation in the Strategy Execution Program, including discussions with Allianz Executives to develop a strategic customer engagement and initial conception of an MVP for operational implementation.
- Supporting various projects as required, in particular by creating PowerPoint documents, e.g. for pitches to customers or internal presentations.

Moreover, Mr Wieser was entrusted with the following additional duties:

- Optimization of an automated reporting system across various systems, with a focus on revising & rebuilding a Power BI based data query.
- Participation in and support of the onboarding process for new employees.
- Participation in internal training programs, in particular on the topics of sales excellence and asset management.

In addition, Mr Wieser was responsible for the following project:

- Support with the planning of a two-day employee event.

As intern, Mr Wieser always showed an unusual amount of initiative, great diligence and willingness to perform. He demonstrated good analytical abilities and judgment in all of the tasks he handled.

Due to his very swift grasp and enormous commitment he acquired excellent practical skills in no time.

We got to know Mr Wieser as a conscientious, reliable, and accurate intern. Mr Wieser always had an excellent willingness to learn.

Mr Wieser was absolutely confident and fully proficient in the use of PC applications commonly used in the industry. We must specifically highlight his presentation skills; Mr Wieser always handled traditional and new media tools confidently, utilised them effectively, and always created clear and understandable visualisations suitable to the respective group of participants. In the projects assigned to him, he always conveyed the necessary team spirit in an outstanding manner and, without exception, brought the projects to a very successful conclusion. Mr Wieser was always open-minded towards new methods. He found excellent new, creative ideas at all times and convinced through his highly innovative approaches. He is very strong in communicating moreover, and used his very good rhetorical skills in an exemplary manner in his work.

Mr Wieser's performance and achievement of goals perfectly met the expectations we place on interns in every respect.

Mr Wieser's conduct towards superiors and colleagues was exemplary at all times. With his mentor he also cooperated very well. Apart from being an excellent networker, he is always ready to cooperate, which makes him a great team worker.

Mr Wieser will leave us at the end of the agreed internship period on September 15, 2024 in order to continue his studies at the university.

We would like to thank him for his deep commitment as well as for his good knowledge he practically applied in the aforementioned area. Thus, we have also benefited from this internship. For his studies as well as for his further professional and private life we would like to wish Mr Wieser all the best and a lot of continued success.

Munich, September 15, 2024
