Subject: Motivation Letter for Peryton Advisory Internship Application

Dear Peryton Advisory Recruitment Team,

As a full-time MBA candidate at WHU - Otto Beisheim School of Management with live M&A deal experience, I am applying for an internship position starting July 2026 and am also open to a working student role starting February 2026, potentially in connection with my MBA thesis. I'm looking to deepen my exposure to transaction execution in a high-impact environment that combines analytical rigor with strategic insight, and Peryton Advisory's track record of over 100 successful projects and €100 billion in transaction volume reflects exactly that.

At TÜV Süd AG, I report directly to the Head of M&A and support live buy-side mandates on cross-border transactions, including deals valued up to €10 million and growth stage investments. I've built valuation models (DCF, LBO, transaction multiples) to support live transactions, screened targets and competitors to support acquisition decision-making, and prepared key transaction materials such as LOIs. This experience has given me practical exposure to the buy-side M&A process and strengthened my ability to contribute to strategic execution across fast-moving deal environments.

Prior to my MBA, I led strategic initiatives aimed at business performance optimization at high-growth companies across Singapore, Dubai, and Germany. I contributed directly to top-line growth in a driver's role, teaching me to think commercially, adapt quickly, and communicate effectively with senior stakeholders. I also founded and lead the WHU Finance Club Düsseldorf to strengthen the campus finance community and foster industry engagement. I am fluent in English and German, and comfortable working across cultures and stakeholder groups.

I am drawn to Peryton Advisory's blend of corporate finance expertise and entrepreneurial spirit. With a strong reputation for delivering focused, high-impact advice across complex transactions, your team offers the kind of exposure and challenge I am actively seeking. I particularly value your end-to-end involvement across the M&A process and the opportunity to gain exposure to both sell-side and strategic advisory work within a team that combines deep financial insight with an entrepreneurial mindset.

Thank you for considering my application, and I welcome the opportunity to further discuss how my background and motivation align with the goals of Peryton Advisory.

Yours sincerely,
Dalvinjit Gill
